InBuyer is the event format that supports Italian companies in the internationalization process through online **business matching sessions** with international operators.

The service is provided through the **BMATCH platform**, a digital tool developed by Promos Italia to create online 1:1 B2B meetings with selected counterparts. It is a unique opportunity to generate new contacts and partnership opportunities.

Navigating the platform is simple: browse <u>the events calendar</u> and find the event of your interest. **Register, create a user account and link it to your company profile**. This will only be required at your first event registration, after which participating in every other event on the platform will only take you **a few clicks**.

# **BUSINESS MATCHING PROFILE/AGENDA SECTION**

The B2B Matching section will be activated on the event page starting **seven days before the event**. You will receive an alert email and from this time you will be enabled to receive and request appointments from italian counterparts.

You will automatically be assigned event time slots, which will be visible in **Profile/Agenda** in the Home subsection, under **Agenda**. You will see all of them as available. If for personal or work matters or for time zone reasons you are not available to meet counterparts in one or more time slots, **you can mark those slots as inactive by clicking the icon with the "-"** (minus) symbol at the top right of the slot.

If, on the other hand, **you wish to reactivate an inactive slot, you can do so at any time by clicking the icon with the "+" (plus)** symbol at the top right of the slot.

For each appointment request received, confirmed or cancelled **you will receive an email** and a notification in the platform.

You can access confirmed appointments:

- via the Home section of Profile/Agenda.
- directly from your personal calendar (Google, Outlook) if you manually added the appointment. In this case should the appointment be deleted, you will have to proceed independently to delete it manually from your personal calendar.
